General Science Collection

An *InfoTrac*® collection

With the *General Science Collection*, researchers can stay current with the latest scientific developments in particle physics, advanced mathematics, nanotechnology, geology and hundreds of other areas. More than 200 journals are covered, including:

- ✔ American Scientist
- ✔ BioScience
- ✔ Geographical Review
- ✔ Information Week
- ✔ Mineralogical Record
- ✔ National Geographic
- ✔ Nature
- ✔ School Science and Mathematics
- ✔ And many more

Updated daily, the *General Science Collection* includes more than 1.6 million articles to satisfy almost every scientific inquiry.

Results from your search can yield relevant content from magazines academic journals, book reviews, newspapers, multimedia and more.

THE VALUE OF AN *INFOTRAC* COLLECTION

An *InfoTrac* collection takes the guesswork out of searching. You select the content best suited to your users' needs. They can then quickly identify and retrieve results while enjoying a variety of options:

- Choose from Basic, Subject Guide, Publication or Advanced Search
- Search within results to target specific content
- Support a multilingual community by translating documents on-demand
- Create Search Alerts with RSS Export
- Manage documents in the collection by e-mailing, bookmarking or printing them
- Support the needs of remote researchers by providing 24/7 access
