

Gardening, Landscape & Horticulture Collection

An InfoTrac® collection

FROM THE WEEKEND GARDENER TO THE BIOTECHNOLOGIST

Gardening hobbyists, master gardeners and biotechnologists alike will find practical applications as well as the scientific theories of horticulture studies in one convenient collection with the *Gardening, Landscape & Horticulture Collection* from Gale®, part of Cengage Learning.

MAKE THIS COLLECTION YOUR HOW-TO HUB

Feed curious minds with this collection that includes periodicals from *InfoTrac* and reference titles from Delmar, part of Cengage Learning. These resources will inspire and educate those seeking more information on gardening, landscaping or horticulture. The information included in this collection varies from inspirational to instructional, such as:

- ✓ The biology of various plant species
- ✓ How to create floral arrangements
- ✓ Easy-to-use landscape design tips
- ✓ Developing landscaping contracts
- ✓ Pruning flowers correctly
- ✓ Urban landscape planning
- ✓ Using computer graphics in landscape design
- ✓ Conducting conservation research
- ✓ The best time to plant trees
- ✓ Which plants are indigenous to a particular area

↑ The homepage features a clean and intuitive interface allowing users to quickly locate information.

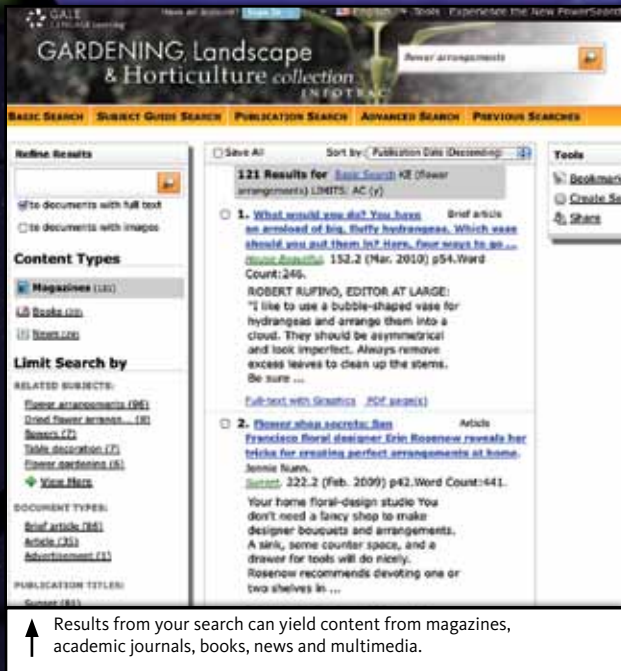

An *InfoTrac* collection takes the guesswork out of searching. You select the content best suited to your users' needs. They can then quickly identify and retrieve results while enjoying a variety of options:

- Choose from Basic, Subject Guide, Publication or Advanced Search
- Search within results to target specific content
- Support a multilingual community by translating documents on-demand
- Create Search Alerts with RSS Export
- Manage documents in the collection by e-mailing, bookmarking or printing them
- Support the needs of remote researchers by providing 24/7 access
