

Governments of the World: A Global Guide to Citizen's Rights and Responsibilities

DETAILED ATTENTION TO THE WORLD'S GOVERNMENTS

 *Governments of the World: A Global Guide to Citizen's Rights and Responsibilities* provides a comprehensive overview of a topic that is central to high school and college curricula around the world. In addition, *Governments of the World* meets state curriculum standards for civic coursework. With authoritative and up-to-date information on nearly 200 countries' institutions and forms of government, this new title describes and analyzes how citizens exercise their rights and responsibilities in each of the countries covered.

Arranged alphabetically and richly illustrated, *Governments of the World* features biographies and historical surveys on different types of political systems – such as constitutional monarchies, presidential systems, democracies and dictatorships – as well as entries on the governments of particular countries and on supra-national entities, including the European Union.

AUTHORITATIVE INFORMATION THAT GROUNDS CURRENT HEADLINES

U.S. elections, the introduction of democracy to Afghanistan, international refugee aid efforts – these headline topics have also become essential issues of classroom debate. Designed to meet a growing need for information on how different government types work, *Governments of the World* provides data and analysis on the institutions of nearly 200 countries, while addressing issues of enduring international concern. When delving into this solid, four-volume resource, researchers will appreciate:

- Global perspective on governments on six continents, as provided by more than 200 expert contributors from around the world
- Extensive cross-references and bibliographies, as well as a cumulative index in each volume, all of which allow for easy country comparisons and a greater understanding of the content as a whole
- Primary source documents and a filmography – tools that open up a world of continued learning
- Nearly 400 illustrations that clarify and enliven key elements discussed in the text
