

# Twayne's Authors Series

Part of Literature Resources from Gale

With Twayne's Authors Series, researchers can access in-depth coverage of authors both ancient and contemporary

For more than half a century, *Twayne's Authors Series* has provided an ideal starting point for students, researchers, faculty and general readers.

With in-depth introductions to the lives and works of writers from Aeschylus to Zora Neale Hurston, this online series features the content of nearly 600 books that comprise three print series: *Twayne's United States Authors*, *Twayne's English Authors* and *Twayne's World Authors*. Each was carefully coordinated with input from librarians and educators to include authors universally studied in high schools and colleges.

Because coverage includes not only the authors themselves but also the history and influence of literary movements and the development of literary genres, users can quickly gain results they need to prepare homework assignments, special projects and presentations.

## Authoritative and accessible

*Twayne's Authors Series* is where the love of literature meets the speed and efficiency of online resources. Simplicity and flexibility are the key for users who will enjoy such benefits as:

- Locating concise critical introductions quickly with a simple but powerful interface designed the way students conduct research
- Gaining remote access from library, home or anywhere with Internet access
- Combining search criteria to make connections that are difficult or impossible using print resources

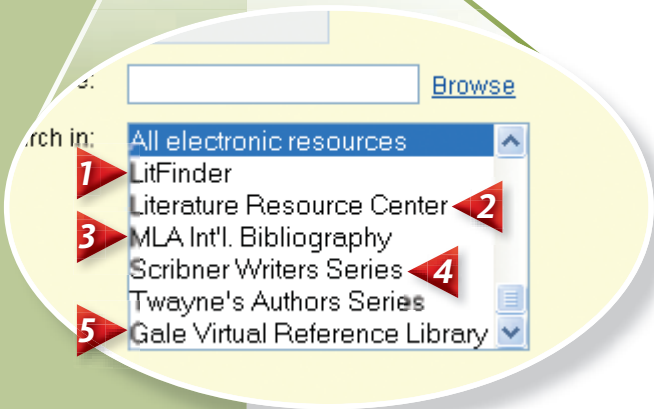

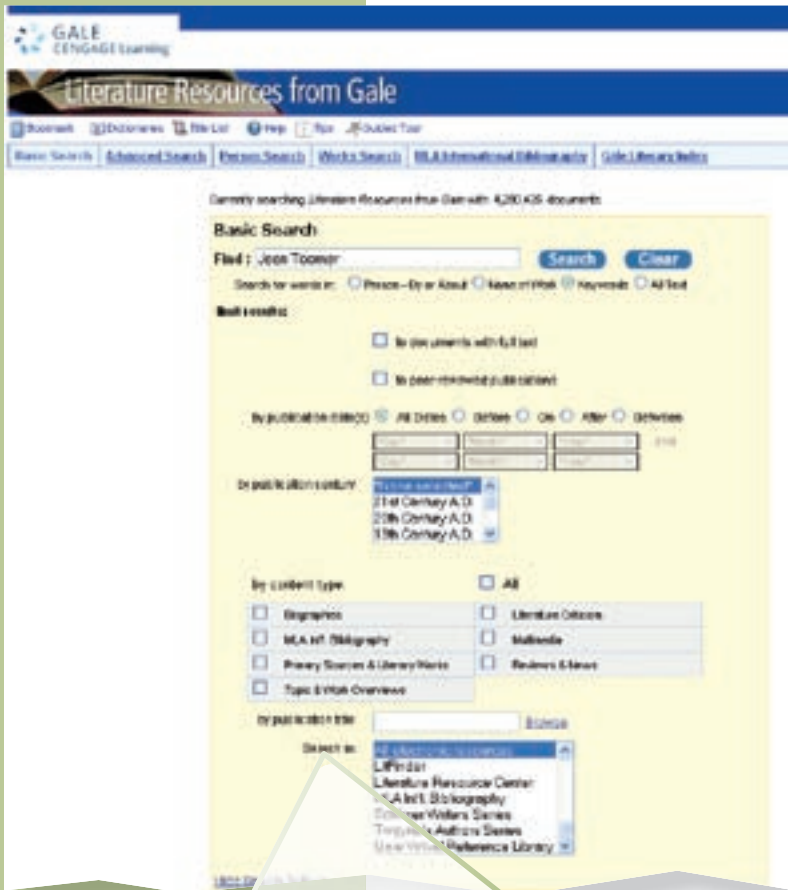

## Successful searches

*Twayne's* makes it easy for students, faculty and other researchers to browse through chapters, chronologies and bibliographies.

Users can also search through the parameters most comfortable for them, including by name, genre, time period, nationality, gender or full-text titles or keywords.

*Twayne's Authors Series* is available as a stand-alone selection. For more well-rounded results, cross-search it with other Literature Resources from Gale products. See opposite side for details.

# Cross-search for success

*Twayne's Authors Series* is included in *Literature Resources from Gale*, a customizable selection of research products that helps you make the most of your investment and boost usage of your online collection.

By providing a one-stop, intuitive cross-searching environment for any combination of the proven products shown below, *Literature Resources from Gale* offers students, academics, researchers and general readers the accurate results they want and the ease of use they demand.

## Cross-search *Twayne's Authors Series* with ...

### 1 LitFinder

Gale's core repository of full-text literature, LitFinder spans history and geography to deliver more than 145,000 poems, short stories, essays, speeches and plays representing the work of more than 80,000 authors and 660 nationalities.

### 2 Literature Resource Center

The world's most current, comprehensive and reliable online literature database offers access to more than 650,000 full-text articles, critical essays and reviews, and biographies of more than 130,000 authors from antiquity to today.

### 3 MLA International Bibliography

For sheer depth and scope of bibliographic data, there is no equal! More than 2 million citations cover more than 80 years of publishing, with an additional 66,000 new citations added each year.

### 4 Scribner Writers Series

This series is designed to work the way students conduct literary research — going directly to an entry on a specific author, combining search criteria, or exploring thematic and chronological topics to make connections among writers.

### 5 Gale Virtual Reference Library

By combining the convenience of an online search engine with the authority of our 50-year publishing legacy, *Gale Virtual Reference Library* lets you fill virtual shelves with acclaimed literature eBooks from Gale and a host of premier partners.
